Delivering Basic Services to Reduce Regional Disparity : Public Services Performance on Education, Health and Infrastructure During Fiscal Decentralization Era

Regional government has five main categories of expenditure needs:

- ❖ **education;**
- ❖ **health and social welfare;**
- ❖ **government administration;**
- ❖ **infrastructure and public works;** and
- ❖ **economic development, including transport, agriculture, industry and trade, capital investment, land, cooperatives, labor force, and environment.**

(Nasution A., ADBI Working Paper, 2016)
